

We want to thank all the staff at Amber Lea for the kind family type care you gave Bill while he was here. We were worried about what to do for him when independent living got to be too much and he needed more help than we could give him. When we came to Amber Lea its inviting atmosphere and friendly staff was very comforting and once he was there we knew we had found the right place. You ladies made his day everyday while doing your jobs with kindness and care like a loved one would and by taking those extra few minutes to chat with Bill. He had a soft spot for "HIS GIRLS". Thanks for making the last year and a half as comfy as you could.

The family of Bill Street.
